Reading:

This is Alex. She's eight years old and she lives in England with her family. Alex loves her hometown. It is in the south of England, it's called Newhaven and it's at the seaside.

Alex hasn't got any brothers or sisters. Her house is in the centre of Newhaven, so she often goes shopping to a supermarket to buy some bread and milk for breakfast. She sometimes goes to the post office to send a postcard to her grandparents. On weekdays she goes to Harbour Primary School because it is near her house. She goes there on foot, but after school her mum takes her to a fish and chips restaurant or to McDonald's. Sometimes Alex goes to the theatre with her school friends and has fun.

On Saturday Alex goes swimming to a swimming pool or to the beach in the summer. She goes there with her parents because it is safe. In the afternoon they go to a café. On Sunday morning they go to St Leonard's church and sometimes visit her grandparents in Brighton. They go there by train or by car.

Newhaven is small but it is busy in the summer, because there are a lot of tourists there. They can stay at a hotel or on a camping site.
